Armand Osgood on June 15, 2020

Armand Osgood is one of the newer recruits to join the ranks of the Philadelphia Proud Boys, first seen publicly with them in 2020 though he may have joined earlier. His first public appearance was with persistent nuisance Scott Presler, during a cleanup of the city under the guise of community service, though it goes without saying these guys don't give a shit about communities that aren't their immediate circle of white friends.

Picking up Trash

Turns out anyone can pick up trash though

He seems to have really weaseled his way in among the ranks of Sonny Sullivan and Zach Rehl, the two chumps who still remain largely at the helm of the Philly Proud Boys. He can be seen hanging out with them in April.

He has most notably made a prominent appearance at the ongoing conflict around the Christopher Columbus Statue in South Philly. He appeared alongside the large unruly mob of entirely white South Philly residents who had spent days hurling slurs and hate at minorities who dared to come near them and physically assaulting many people as police stood by. He was personally seen spitting on people, which carries extra weight as a heinous act during the coronavirus pandemic.

was such an impotent event.

10 am.

Bring libations and patriotic, jolly dispositions, to an "Open up pa" Rally.

Come with banners and signs and demand your preserved rights not be so blatantly disregarded, so vehemently disrespected. Demand freedom in the name of life and

Despite seeming to love cops, Armand cannot seem to be able to follow the law himself, with a dense history of 14 charges and arrests over just 4 years, for everything from drug possession, harassment, weapons violations, and public drunkenness (While Gritty doesn't think someone's criminal history should be a judge of their character, they find it a bit hypocritical that someone who is constantly getting in trouble with the law comes out and stands up for the cops. Can you say subservient bootlicker? Why would you support the cops if you can't even follow the law? Is it because they harm the demographics you don't like with impunity?)

Armand seems to be cut from the cloth of right wing violence role players, though he is doing what he can to make those fantasies seem real. In one facebook posts he dreams of a day where he can go out and shoot Muslims. He also has their archetypal fixation on Benghazi.

My man can't WAIT to shoot muslims

Get over it already

And it's no surprise that he has turned out this way, as other members of his family are involved in militant right wing movements, like his brother Alain Osgood, who attended a "March Against Sharia Law" in Harrisburg in 2017 alongside Militia members. This Rally notably attracted a number of outright neo-nazis including members of Vanguard America (The group responsible for murdering Heather Heyer in Charlottesville in 2017).

His brother, Alain Osgood, at the “March Against Sharia Law” in Harrisburg, June 10, 2017.

His last known place of work was Charles Gratz Fire Protection Co Inc., though it is unknown if his employment has been affected by the Coronavirus Pandemic. It may be worth checking in with them just in case, at [\(215\) 235-5800](tel:2152355800), to let them know a violent and active member of a hate group works for them. However, it is most likely that he works as an independent contractor currently. Any tips are appreciated!

Also Armand, not sure why you think joining a hate group would help with your custody battle. Happy Fathers’ Day, dickbag.
