Update 3/14/2016: Invictus has been dropped from the International Left Hand Path Consortium event mentioned in this article, see story [here](#). Invictus remains scheduled to speak at the NSM gathering on April 23.

Florida lawyer, candidate for US Senate and fascist Augustus Invictus has announced that he will give another speech in Georgia this April. [As discussed earlier](#), Invictus is being hosted as a speaker on April 10th by the International Left Hand Path Consortium occultist gathering in Atlanta. Now, Invictus has also agreed to talk at the National Socialist Movement (NSM) [national meeting plus white power rally](#) planned for Rome, Georgia on April 23rd. The NSM is a blatant neo-Nazi organization. Its April 23rd rally in Rome GA is co-sponsored by groups such as the [Loyal White Knights of the Ku Klux Klan](#) as well as remnants of the [Aryan Nations](#).

FL. Senate Candidate to speak at NSM Nationals

- Announcement -

The National Socialist Movement welcome's Florida Libertarian Senate Candidate, "Attorney Augustus Invictus" who will be speaking at the Rome, GA. National Meeting & Rally on April 22nd & 23rd.

Also speaking at Nationals will be Art Jones Illinois State Rep Candidate, and a full line up of leaders from various White Nationalist Organizations.

This years theme of White Solidarity has truly spread far and wide throughout the entire white nationalist movement here in the United States, with more groups and individuals coming on board by the day. A unified and united front against International zionism, communism, and their allies is quickly becoming a reality as we work diligently to solidify a white nationalist bulwark which is long over due.

This years National Meeting will be of epic and historical significance. For decades we have all witnessed the petty infighting and splinterization of the white nationalist movement here in America, and now we see that bygone era of dysfunctionism coming to an end. 2016 will be a banner year for the White Nationalist Movement, as we put an end to the chaos and put our differences aside in order to bring our cause closer to Victory.

Here is a news article on Attorney Augustus Invictus, explaining why he will be speaking at NSM Nationals:

National Socialist Movement announces Augustus Invictus as speaker at April 23rd gathering in Rome GA

Invictus announced that he will speak at the National Socialist Movement gathering in a March 8th Facebook post at the “Augustus Invictus for US Senate” page. This post is no longer available on Facebook at the time of writing. However, its complete text has been archived [at the American Third Party Report website](#). In his announcement, Invictus claims that “I am not endorsing the National Socialist Movement” while he sets out his reasoning for participating in the neo-Nazi event in Rome. (As usual, Invictus cites his “Hispanic children” as evidence for his lack of racism.) The overarching theme of Invictus’ piece is the need for “unity of Libertarians, patriots, and nationalists against a common enemy.” Invictus claims this enemy is the “Federal Government” controlled by “globalist”/ “internationalist” forces; it is on this political basis that Invictus argues for an alliance with neo-Nazis.

Invictus’ fascist politics were already apparent when Atlanta Antifascist Notes [first raised the issue](#) of Invictus’ participation in the April 10th Left Hand Path Consortium event. However, since that time Invictus’ far-Right worldview plus his role in regrouping and organizing white supremacists have all become even more apparent. For example, while visiting the Pacific Northwest late February Invictus

[spoke before a gathering of neo-Nazis affiliated with the American Front](#), the organization whose Florida leader Marcus Faella [Invictus represented in court](#). Following his time in the Northwest US (including a [minor fracas](#) with antifascists while visiting Portland, Oregon) Invictus attempted to enter Canada to speak in Vancouver, BC. Invictus was turned away at the border [due to his links to neo-Nazis](#); white supremacists including a former leader of a “Blood & Honour” neo-Nazi faction [had planned to attend](#) Invictus’ Vancouver event.

Despite Invictus’ role in far-Right organizing—including his increasing efforts alongside neo-Nazis—the International Left Hand Path Consortium organizers insist on hosting Augustus Invictus as a speaker at their upcoming Atlanta event. At times, these organizers have taken ludicrous positions while defending their decision to host Invictus—for example [arguing](#) that Invictus’ use of the [symbol of the fasces](#) does not imply any sympathy towards fascist ideology, a point which is easily debunked.
