Hello Proud Boys' Eddie George Jr of Miami, Florida, I can say a few things here, but I'll start with – you too, should have stayed in Florida.

I'm surprised they let Eddie film any more given the great publicity he's provided for him and his Proud Boys' FRENS.

This past February 18, an image showing the judge in Stone's case, Amy Berman Jackson, next to the crosshairs of a gun was posted to Stone's Instagram account. That same day, a **video** of Perez sitting with Stone in the backyard of his Fort Lauderdale home was posted on YouTube by a podcaster who goes by Bobby Pickles.

In the clip, someone asks Perez what he does for Stone. Perez replies, "I manage his social media accounts, send his emails, things like that."
