## James Daniel Valentine: Patriot Front's Goodest Boy

Meet James Daniel Valentine: Patriot Front's "Goodest\_Boy"

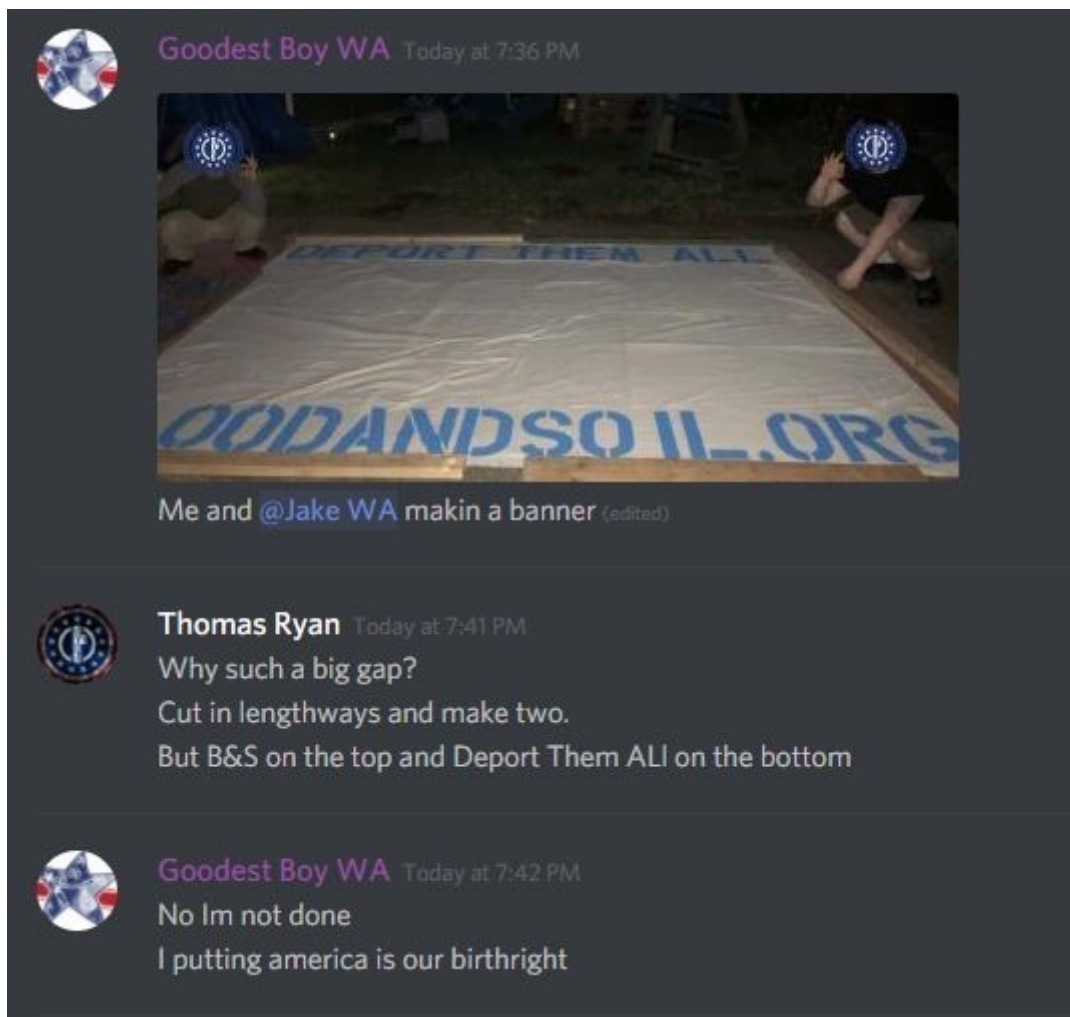

Patriot Front is a Texas-based American fascist, neo-Nazi group that was formed shortly after the Unite the Right rally in August 2017. The group, led by Thomas Rousseau, split from Vanguard America shortly after James Fields drove his car through protesters

killing Heather Heyer. Thanks to the work of anti-fascists, we have a large collection of private messages from this group. These messages have been made available to the public thanks to [Unicorn Riot](#). One of the most active networks within Patriot Front is located in Northwest Washington.

In July of 2018, Eugene Antifa reported on Patriot Front member Jake Prior. In that article, we also spoke of Patriot Front member “[Goodest\\_Boy](#)” whom we had pictures of but didn’t have a name.

**Kevin** 10/21/2017, 6:07:00 AM  
Who's heather hayer lol

**Kevin** 10/21/2017, 6:11:12 AM  
Never mind coming out from under my rock now.  
"A couple of years ago, she was dating someone who became agitated after learning that Mr. Wilson was black and that they were friends."  
That explains it

**Kevin** 10/21/2017, 6:13:37 AM  
My synopsis is she was simply to fat. Absorbing to much of the oncoming vehicles mass

Thanks to [the work of Chuck Tanner](#) we now know his name is James Daniel Valentine.

James Daniel Valentine is a 27 year old American fascist who lives in his mother's house with his wife Christine in Lakebay, Washington. Valentine organizes locally and nationally with other fascists and is active around the Washington area putting up fascist propaganda and attempting to sabotage anti-racist activists' efforts. By reading his messages in a neo-Nazi Discord server, we have learned about his racist and misogynist views. What is, perhaps, even

more troubling is his expressed desire to join the National Guard. We are increasingly seeing a trend of neo-Nazis involved with the military, and Valentine is another name to add to this list.

On the evening of December 6th, 2017, James Valentine and Jake Prior were stopped and ID'd by Olympic College security for putting Patriot Front flyers up on campus.

The conversation was

James Valentine appears to be the second Patriot Front member to join the Patriot Front chat on Discord. Possibly the first propaganda mission Valentine completed was with "Norman" the first weekend in October 2017. They flyered Gig Harbor and Olympic College for the first time. "Norman" gives Valentine much of the credit for that mission.

**Norman** 10/9/2017, 5:59:15 AM

[@Goodest\\_Boy](#) Deserves a ton of credit. He wrecked the place before I even got there. This is a fraction of all the pics we have and we didn't take pics of everything...

**Thomas Ryan** 10/9/2017, 6:02:07 AM

Awesome, I'll get some up on social media.

**Thomas Ryan** 10/9/2017, 6:02:15 AM

Where are these?

**Norman** 10/9/2017, 6:06:49 AM

There up in a town called Gig Harbor and then at : <https://www.olympic.edu/> which is in Bremerton

**Norman** 10/9/2017, 6:07:57 AM

[@Thomas Ryan](#) I was going to wait at least until mid day to hit Twitter so they don't get a chance to take them down. Hopefully they're still up...

**NDO Nick-TX** 10/9/2017, 6:54:01 AM

Oh shit Gig Harbor. Whidbey Island right?

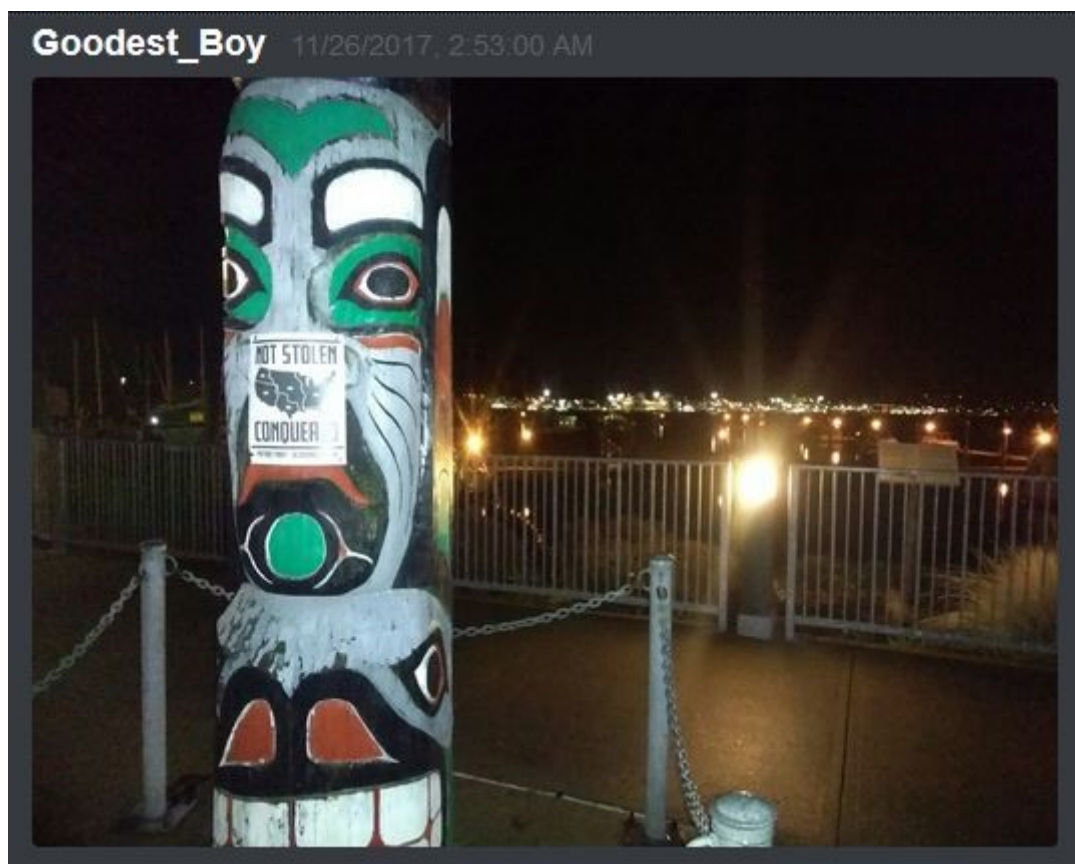

**NDO Nick-TX** 10/9/2017, 6:54:16 AM

[@Norman](#)

**Norman** 10/9/2017, 8:22:02 AM

[@NDO Nick-TX](#) it's close to their. Right near the Puget Sound Naval shipyard

Valentine put up flyers in Port Orchard, Washington on multiple occasions.

We know that Valentine and Prior aka “The\_Human\_Shoah” also put up flyers at Olympic College on December 6, 2017. Valentine also confirms this in the chat.

Goodest\_Boy 2017-12-16 03:06:38 [Front And Center #activism]

Found this when me and @The\_Human\_Shoah posterd Olympic Collage.

(Note: Valentine misspells college more than once in the chat.)

In December of 2017, members of the Washington network of Patriot Front, including Valentine, met up with members of Patriot Front from Utah and the [PDX Daily Stormers](#) to flyer Portland State University. Reed College and [Portland Community College](#) in Oregon were also hit with fascist propaganda.

**Norman** 12/16/2017, 11:37:26 PM

Washington, Oregon & Utah we're busy tonight at Portland State University

**NDO Nick-TX** 12/17/2017, 8:25:44 AM

Y'all hit Evergreen State and you may literally break the commies and muds on that campus

The Washington Front members flyered Tacoma, Washington in February of 2018.

Washington Front member held a banner at Gas Works Park in Seattle, Washington in March 2018 (Valentine pictured in the center).

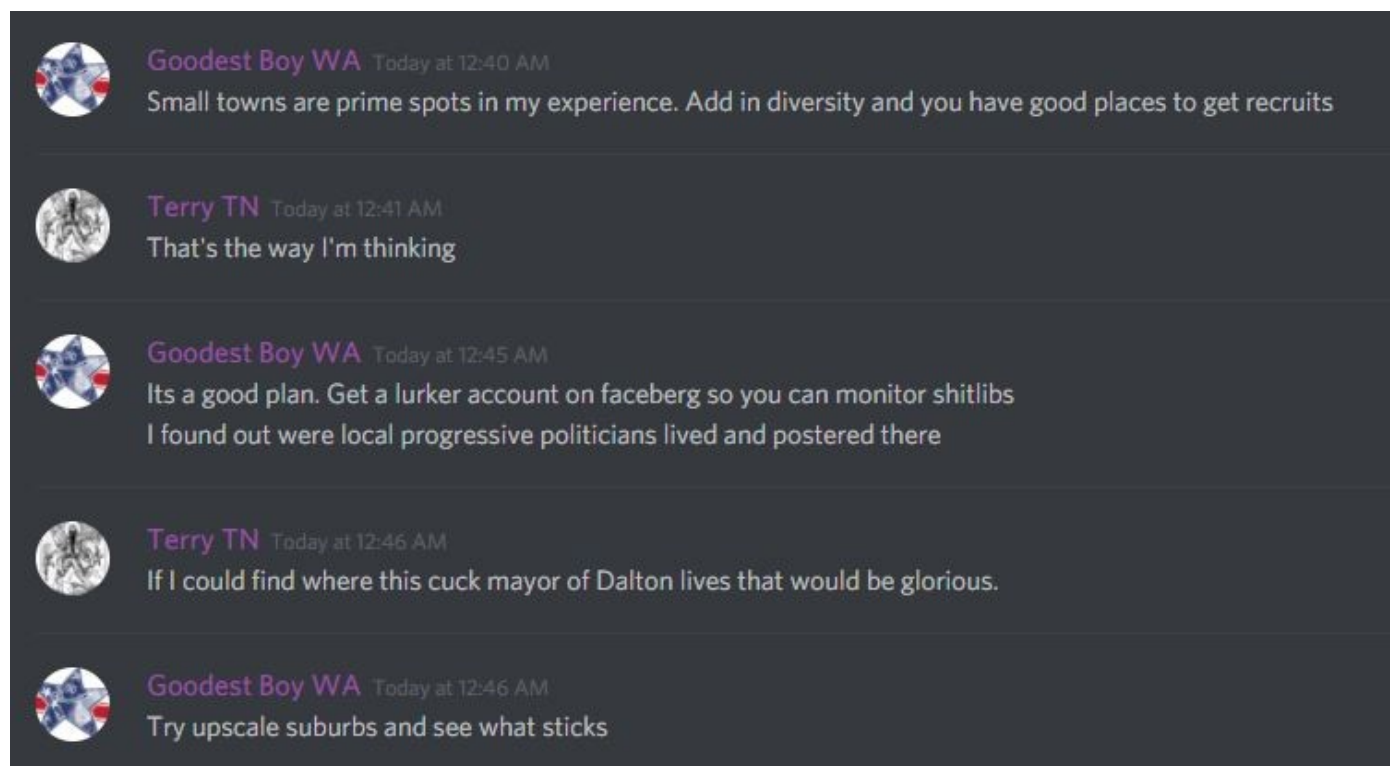

Goodest\_Boy 2018-03-04 20:04:38 [Front And Center #activism]

better pic of WA state last night

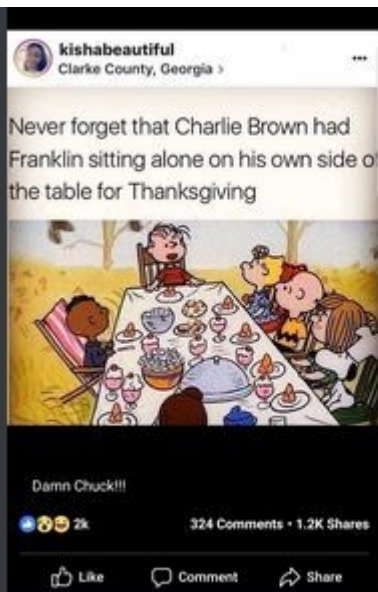

It appears that James Valentine and Jake Prior continue to flyer neighborhoods in Washington as there have been multiple reports.

Anti-ICE and pro-immigration activists have reported harassment by Patriot Front members and an [antifascist message on a billboard](#) sponsored by Tacoma Against Nazis was [vandalized by Patriot Front members](#).

In addition to posting pictures of their prolific propaganda campaigns in [the Discord server "Front and Center,"](#) Valentine chats about Patriot Front optics, his wife (who he claims to have "fashed,") and discusses his racist and anti-Semitic beliefs.

**Goodest\_Boy** 11/22/2017, 7:18:58 PM

Maybe niggers should show up on time so they get good seating

**Josh OH** 11/22/2017, 7:19:57 PM

**Steve** 10/30/2017, 6:34:14 AM

Ban Africans

**Steve** 10/30/2017, 6:34:41 AM

Africans are already more illegal than guns. I can't possess a black person anymore.

**Goodest\_Boy** 10/30/2017, 6:35:17 AM

Weev is taking too long on the nigger killing drones

**Goodest\_Boy** 10/29/2017, 8:02:13 PM

I think jews promote homosexual behavior because it covers for their abuses against children.

**Goodest\_Boy** 11/21/2017, 7:43:00 AM  
deport all non whites gas all the boomers.

One of the key components of Patriot Front is their concern for optics. They attempt to present themselves as nationalists while hiding their neo-Nazi leanings. Valentine discussed this with another group member.

Halfdan 2017-10-29 06:07:27 

I mean essentially the debate should stop at "It's a PR thing" because it's simply true, it is 100% about image. Why else are we doing these gatherings and actions but to appear in a good light to our people, to let them know what we are doing is wholesome and good for us, not just some rednecks out in the woods burning crosses talking about their wives losing their job at walmart.

Goodest\_Boy 2017-10-29 06:09:09 

If we can't stop some doofus parading around with a swastika, then it's clearly not a vote of confidence in our ability to run a future state, ethno of otherwise.

Halfdan 2017-10-29 06:09:12 

I have no personal issue with those images, but it's just giving fuel to the fire that the enemy is stoking for us. The best recruitment tool is and will always be the rabid hate and appetite of destruction that comes from the Commies / Marxists, let them flip out at posters and gatherings that simply say we have a right to exist, because it shows their nature.

Goodest\_Boy 2017-10-29 06:09:13 

this

Halfdan 2017-10-29 06:11:08 

Enoch talked about this when some TRS fans/enemies postered a neighborhood with swastikas linking to their site, it's not the way to get people thinking

Goodest\_Boy 2017-10-29 06:11:11 

I also think the phalanx analogy is correct

Goodest\_Boy 2017-10-29 06:12:47 

most people don't think the current system is working we need to convince them to take the risk by going with us

Goodest\_Boy 2017-10-29 06:13:18 

and that is undermined if we can't even do proper PR

Valentine lives with his wife Christine Pritchett Valentine. Valentine discussed his wife in the chat and claims to have turned her into a fascist. Christine created fascist themed memes for Valentine to share in the Discord server and purchased materials for Valentine to use in his flyering campaigns.

**Goodest\_Boy** 10/25/2017, 8:38:09 PM

I fashed my wife

**Halfdan** 10/25/2017, 8:38:15 PM

When Vanguard American split, many of its members began to organize with Thomas Rousseau as Patriot Front. Several remaining Vanguard America members opted to organize with Atomwaffen Division. While support for Atomwaffen Division among Patriot Front members is not unanimous, many members openly embrace Atomwaffen Division's philosophy based upon the neo-Nazi contemporary classic book *Siege*. James Valentine is one member who openly shares his agreement with the sentiment of this book.

*Siege* is a primer for Atomwaffen Division members; it is especially important to monitor individuals who become infatuated with this text. Many Patriot Front members are simply fascists who are eager to organize with other fascists and are not necessarily committed to any one group. Many Patriot Front members have left the group and have gone on to organize with other groups. Jake Prior found Patriot Front tactics weak and went on to organize with a Hammer-skins support group, Crew 38, instead. It is quite possible that when Washington's Patriot Front network dissolves, James Valentine will go on to organize with a different neo-Nazi group. It is for this reason and more that we must continue to monitor exposed fascists.
