Folks, we got some big news. We've found the SE MI Proud Boys' weed man, and its 47 year old John Albert Lay of Woodhaven, MI.

Action items below, take a couple puffs and pass this one to the left.

Prior to his descent into fascism, he operated a handyman business that is now permanently closed. Maybe the switch to weed was because he was too high on the job?

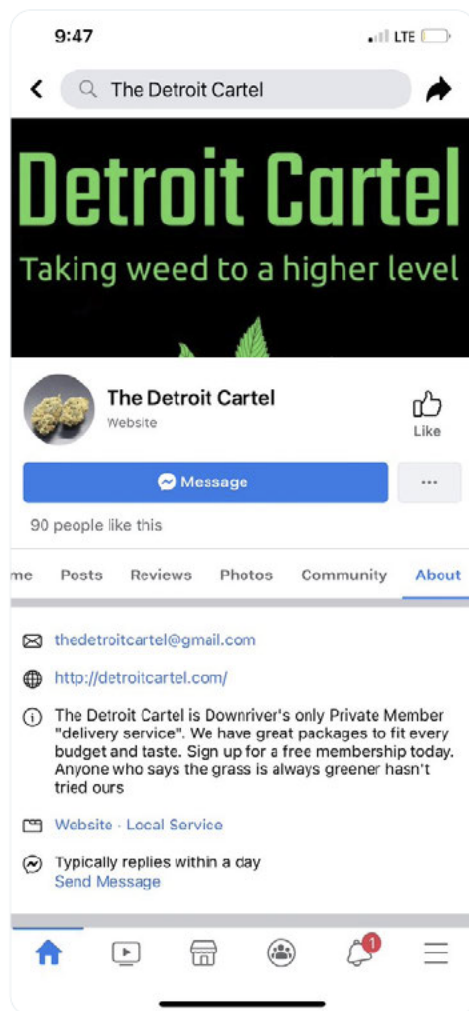

He's been active with the Proud Boys since at least 2019, posing in uniform in front of the Farmington Hills Holocaust Memorial Center with Darlene Smith (aka Londa Gatt) and whole host of chuds.

In typical Proud Boy fashion, the hate group's behavior at this counter protest included calling Jewish immigrant rights protesters "self-hating Jew" and "subhuman".

So with the construction business kaput, John started selling weed through his delivery service called the Detroit Cartel, a name likely derived from a Netflix binge of Narcos.

He also uses his FB profile (which advertises "uncensored" content while being largely locked down publicly) to hype up his own business along with his partner, Runae.

He's likely more active on MeWe under the alias "Daddy Pornstache", which is another favorite of the bougie fascists to flee to after Parler. Also, dude needs to hire a copywriter because his promo language is very "how do you do, fellow kids"

Back to the anti-semitism, there's a direct throughline between Lay and other's behavior in Farmington last year and the "Proud Goys" wearing shirts that read "6

Million Wasn't Enough" in reference to the Holocaust. John got in on the ground floor.

Is 6MWE an Anti-Semitic Proud Boys Slogan?

A Proud Boy wearing a shirt with the acronym 6MWE combined with a fascist symbol was seen in D.C. protesting the election of Joe Biden.

UPDATE: John disabled reviews for his business page, so here's his personal weed selling page, featuring a few Proud Boys on the friends list.

Here's a little more on Jesse Staten, as we haven't done an article on him, but he's a Downriver PB like John:

Ted St. Louis was behind the PB cookout last year that was the first research post this page had.

This was reported last Sunday in Wyandotte, MI. Proud Boys set up a cookout across the street from a weekly anti-Trump protest. The parking lot they used is owned by Simbol Auto Glass, it is currently unconfirmed whether or not the Proud Boys had permission to use it.

12/ One of the best things out of @ericries's Lean Startup is the concept of "vanity metrics" - unimportant, inflated metrics that don't have much to do with business value. But the effects of using them are different when you're a startup versus a big co.

13/ For big, established companies, focusing on vanity metrics is silly but not harmful. Everyone's thrown up a huge number to celebrate for an offsite. I get it. But for startups who are pre-product/market fit, it can lead down a path towards
