

Colorado Springs Anti-Fascists

Fighting the good fight in Southern Colorado.

Neo-Nazi Flat Earther Steve Hildebran

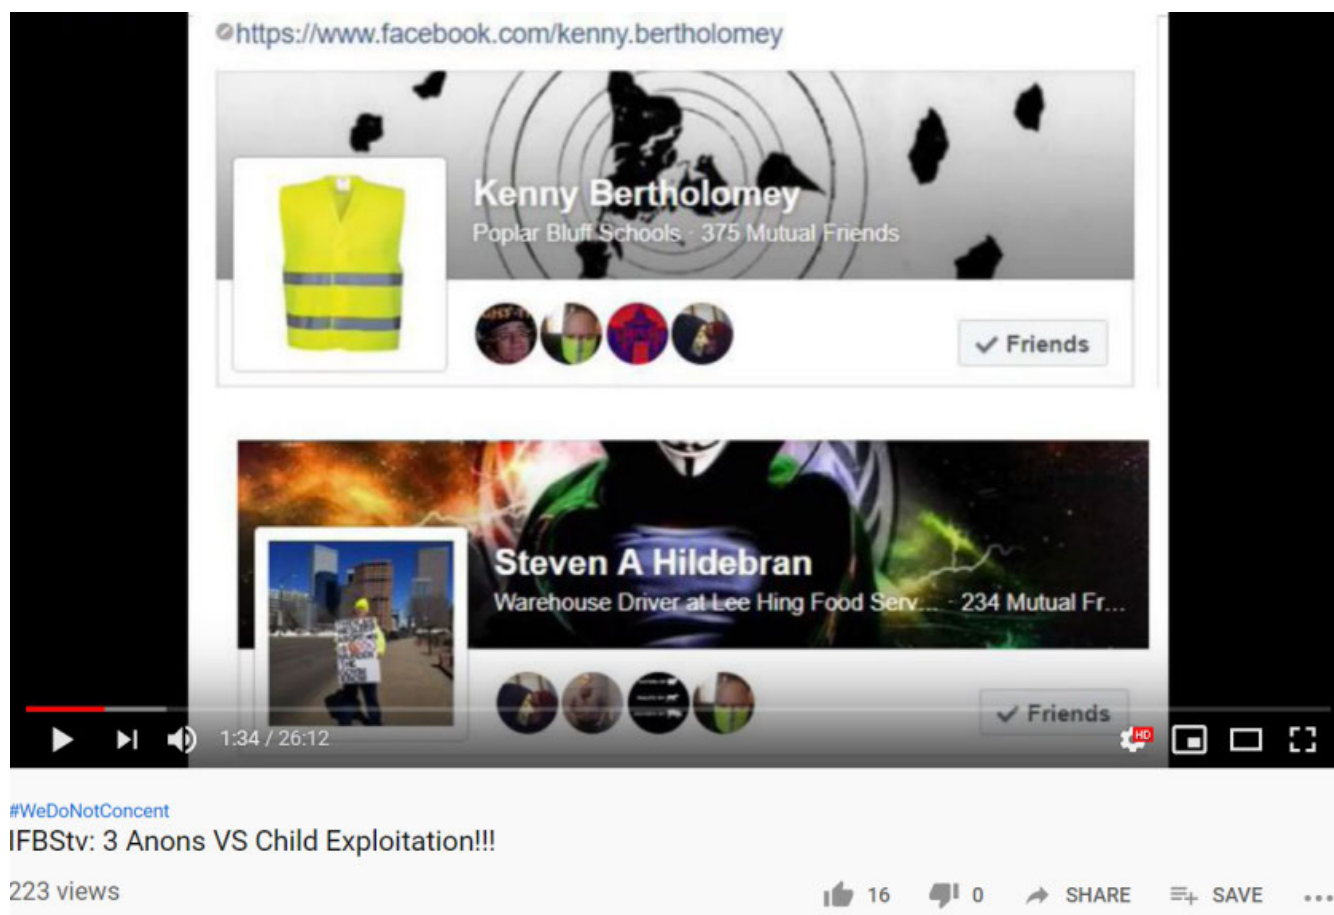

Steven Andreas Hildebran is a 36 year old Neo-Nazi and amateur rapper who lives with his parents in [Colorado Springs](#). Steven allegedly works at Lee Hing Food Services as a Warehouse Driver.

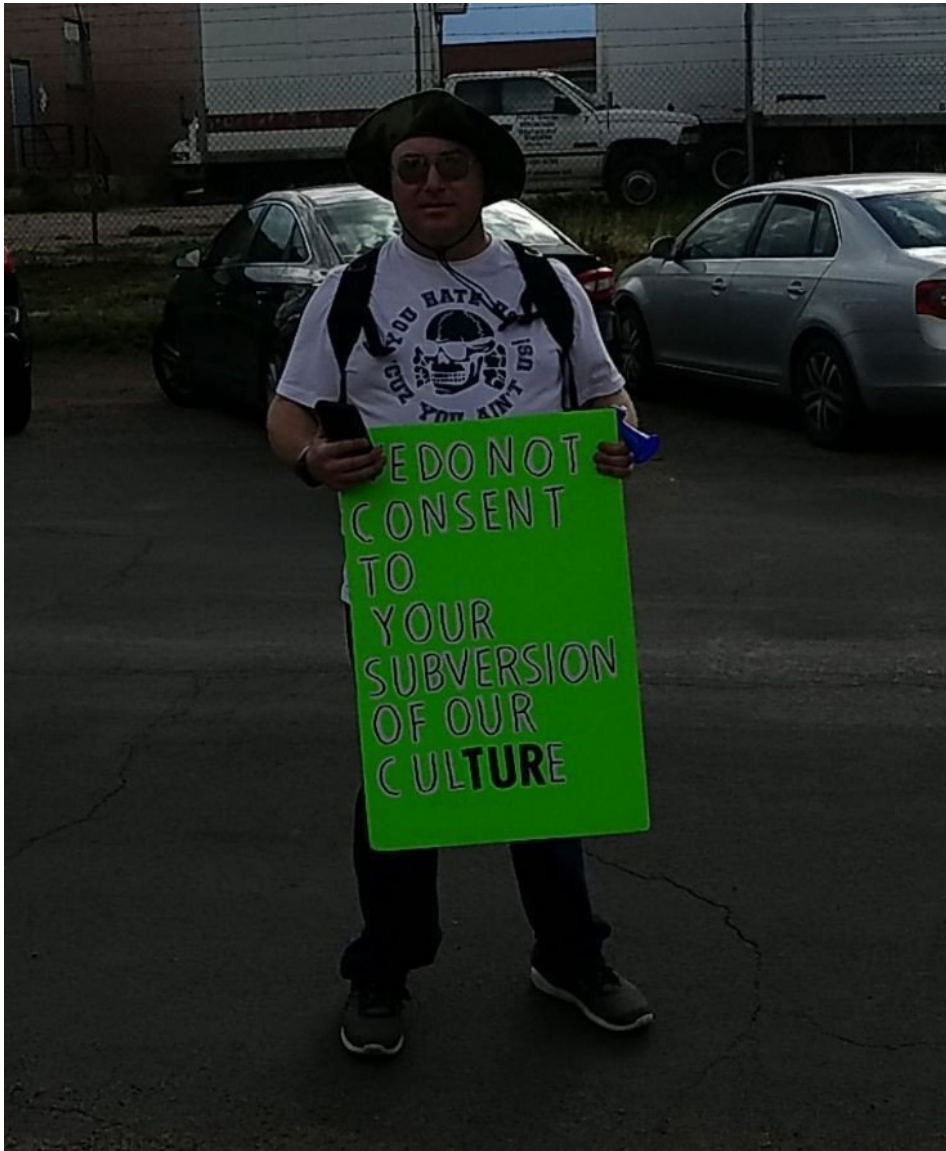

Content Warning: Explicit Homophobia, transphobia, racism, anti-semitism, & Nazi imagery.

Steven Andreas Hildebran

Steve Hildebran has been harassing the queer community in Denver for the past 6 months by posting up outside of drag events and calling all of the attendees pedophiles. These actions have been coordinated by an unholy alliance of members of the now defunct Nazi gang the [Traditionalist Workers Party](#) ([Joshua Yeakal](#), [Russell Frankland](#)) Colorado [Proud Boys](#) ([Louis Huey](#)), and Denver Anonymous.

A still from a video of Steve Hildebran calling LGBTQIA+ people pedophiles that exposes his workplace.

When Steve is not harassing queer people or making a mockery of the yellow vest movement, he is sharing Nazi memes from his parents' house.

Steve recently started using the handle “ConquistadorAmerican” on various social media platforms, which made it dead easy to identify all his bullshit.

Imperial Kludd of the UDWK message to the White Race

Conquistador American · 2 months ago

I completely agree with you brother. I live in Colorado Springs and I support yo . The only problem I have with the Klan is the origins of it. A free mason Albert Pike started it as far as I know. either way I support your message.

Steven's only gripe with the KKK is the freemasonry. Taken from his [Discus account](#) ([Archive](#))

Steve is also into some really kooky conspiracy shit. Here he is protesting the (((Jews))) hiding the fact the earth is flat with his Yellow Vest comrades.

Steve is also involved with the IFBStv channel on YouTube which publishes amateur [anti-vaccine](#) content.

Fash Rapper

If Steve couldn't get any cringier, it turns out he's a rapper, and a *really* bad one, at that.

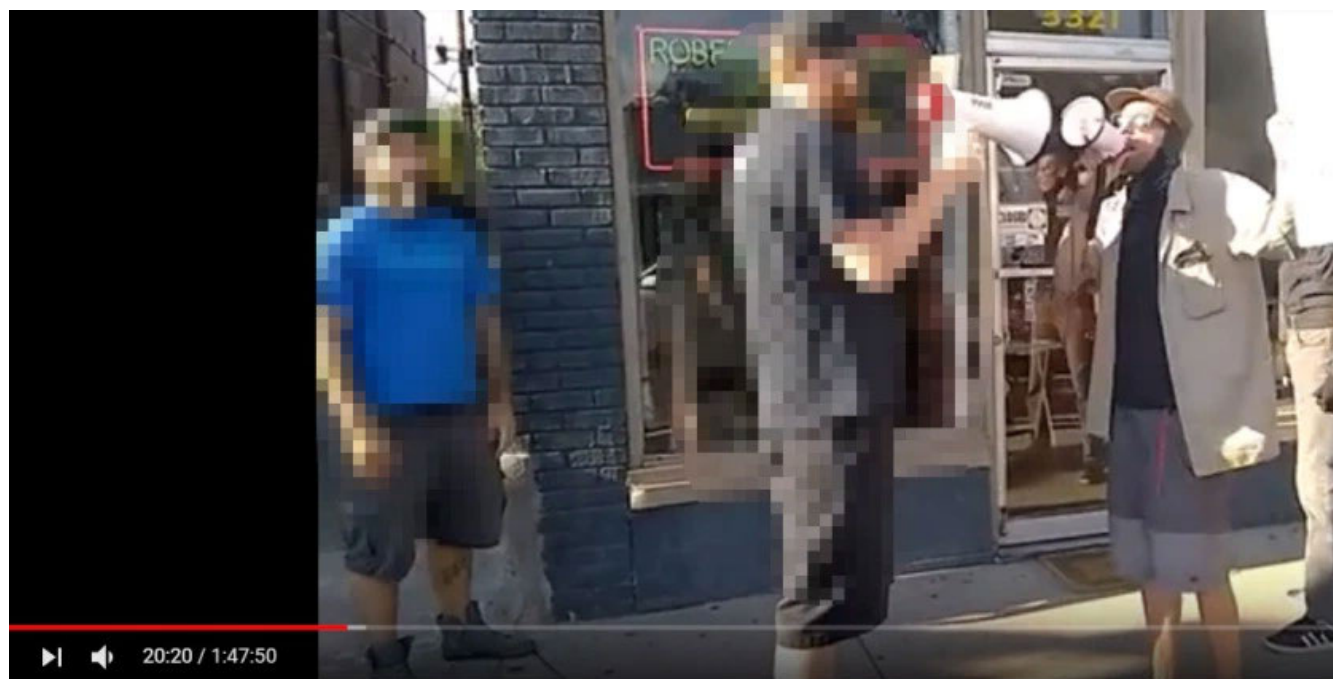

Here's a song Steve made about burning down Mile High Comics, the venue many of the drag events are being held at.

Mile High Comics get burnt down quick with mo' gasoline [...]

*Cuz if cops were moral as me
Every f*g would be hangin' from a tree
With you drag queens just a match and a little bit of gasoline
Light 'em up, burn 'em up, flame on
Till that girly man is gone
on a final vacation, in a permanent cremation*

–Steven Andreas Hildebran

On one of Steve's uploads featuring him and his fascist buddies harassing a drag event at the Bluebird Theater, one commenter suggests burning the Bluebird Theater down, which Steve "love" reacted.

Not concerning at all is that Steve has military training, according to his mother.

Aurora Pride

Steve recently secretly recorded Aurora Pride, following known members of the queer community with his phone and shouting “Heil Hitler!” Steve and his friend later drove off, calling event attendees “pedophiles” and “f*ggots”

Steve Hildebran's repeated threats of violence against specific queer spaces and members of the Denver queer community is extremely concerning. Steve is an

unapologetic neo-Nazi who infiltrates queer spaces, films people without their consent, falsely accuses of them of abhorrent crimes such as pedophilia, and then fantasizes about burning them alive in his mother's basement. Steve Hildebran should absolutely be considered an immediate danger to any and all of us, but especially those in the Denver metro queer community.

Steve's personal information can be [found here](#).

Steven allegedly works at Lee Hing Food Services as a Warehouse Driver but this information is unconfirmed.

UPDATE:

We criticized Steve for living with his parents. We were criticized for this as it reinforces harmful societal beliefs that to be a “successful” adult in America, one has to live on their own. These beliefs are often toxically masculine, classist, and ableist, as living alone is increasingly difficult in a rigged economy, and not viable for many people who are differently abled. We must look out for each other.

Throwing people under the bus for a cheap dig at a fascist is not helpful in the long run as it reinforces harmful societal beliefs.

We have removed some of the pointed rhetoric, but still think it's worth pointing out, as we are berated everyday with criticisms that anti-fascists “never leave our parent's basements”.
