ALERTA! Paul Minton is a neo Nazi living in South Philly and currently operating with "Active Club" and "White Lives Matter". Paul has masqueraded as an antifascist in the past, hence this alerta. Many of you reading this know of Paul, militant and dedicated antifascist. This is no longer the case. We'll cover the change below, that makes him a TRAITOR.

On February 14, 2022, the official WLM channel posted two pictures and a message.:

😱 Antifa doxxer Paul Minton aka [@ThisIsNow14](#) standing with Antifa at rallies and posing in front of his Antifa flag.

Paul once infiltrated a Proud Boy chapter full of naive civnats who believed you could talk to Antifa. He pretended to be cool with them, gathered all the info he could, then doxxed 8 or 9 of the members. Now he's trying to do the same thing to

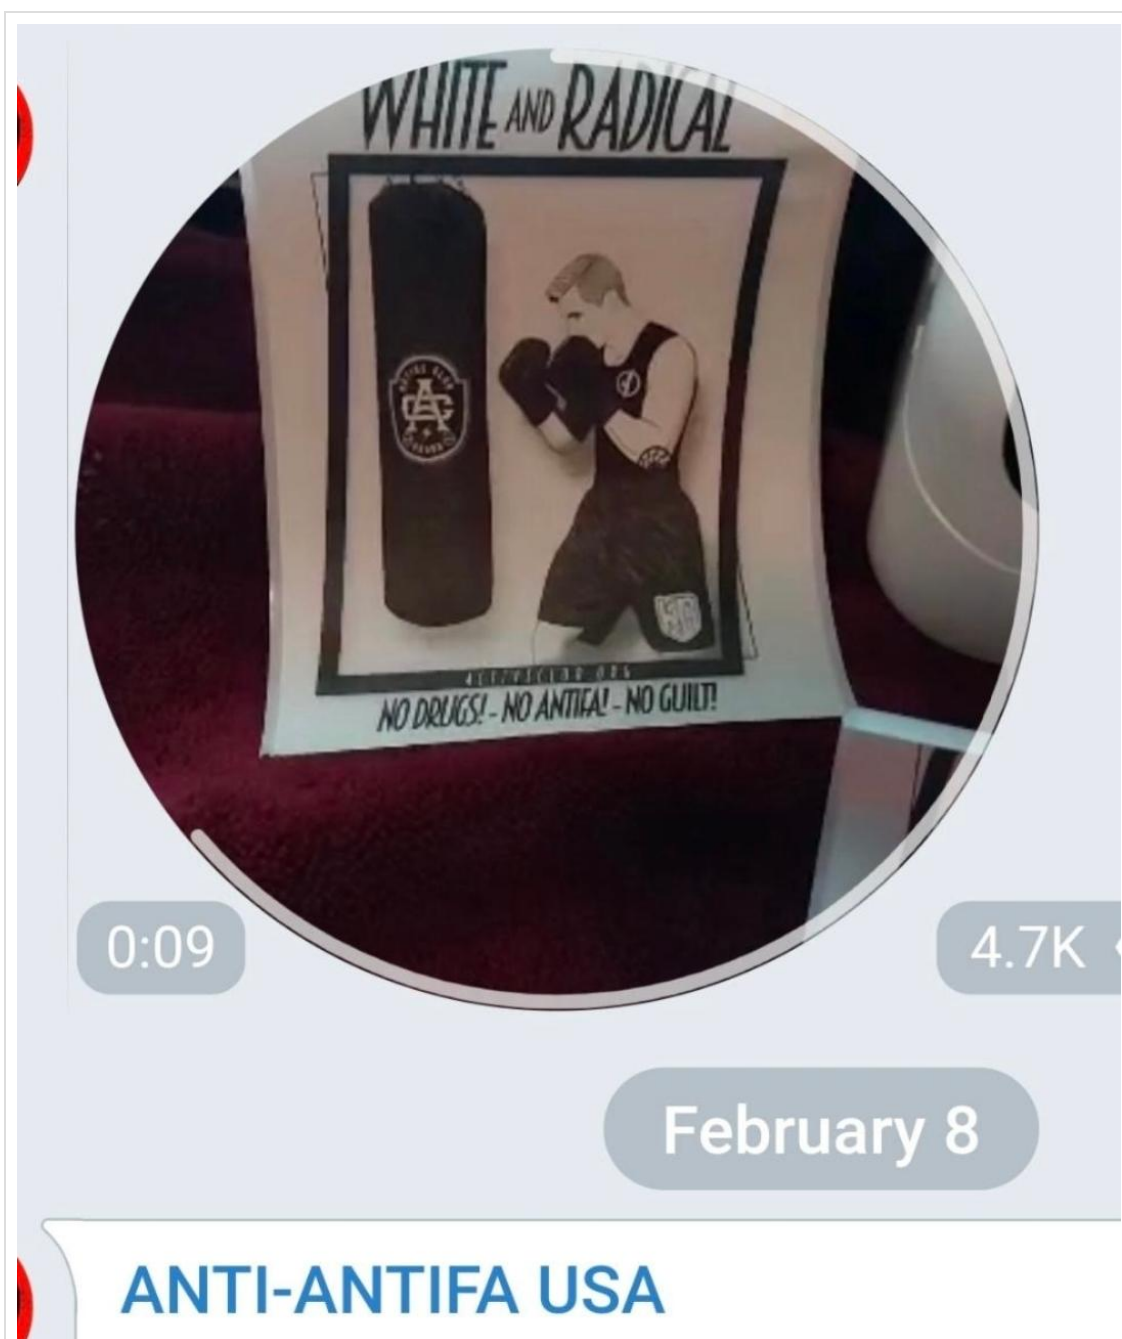

The pictures were on Paul's Nazi Telegram he called Sedition, other picture is from Andy Ngo doxxing Paul about a separate thing he did.

The following day the user "Sedition" left the WLM-PA chat and on twitter @teaktreeturmoil posted the Telegram screenshot and commented on Twitter "Paul runs Anti-AntifaUSA, which was previously PA AntifaWatch"

Paul Minton is a former nazi who was “deradicalized” after his arrest two decades ago for involvement in a murder. Paul spent the ensuing years traveling within antifascist and leftist circles and was known as a militant and dedicated antifascist.

In the summer of 2020, Paul was at Marconi Plaza and got suckered punched by disgraced Proud Boy Dick Schwetz. Below is a picture of Schwetz reacting to the news of Paul Minton getting outed just a short time later.

Paul became redpilled sometime between 2020-2021 and since then has been operating "Embrace Struggle Active Club" alongside well-known Keystone State Skinheads Joe Phy and Nunzio Pellegrino.

Embrace Struggle is way of life. We embrace Traditional Family Values, White well-being and fitness. We promote a [c more](#)

Some love me, some hate me and some love
to hate me.

Paul mostly spends his time putting up low quality nazi stickers to channel his manlet rage. His group's campaigns have hit various sections of Philly and the surrounding areas.

Paul has also recently been interacting with civic nationalists like cop-wannabe TJ Cahill. So much for ACAB. He has a history of using a network of fake profiles to infiltrate spaces online and manipulate/troll people for information.

Paul knows how to fight and possibly carries a weapon so keep that in mind if you happen to cross paths with him while he puts trash all over street signs.

Please send in ANY tips. -♥

For those of you that still have some doubts that Paul Minton has turned back to his old fascist ways, we bring you some pics of Paul's recent tattoo coverup:

The tattoo artist tagged Paul's account and also posted his new tattoo. Note the shoes in the IG post match the shoes in this photo of Paul at the gym.
