Identity Evropa, a Neo-Nazi organization, is most infamous for its involvement in the deadly Unite the Right rally in Charlottesville, where antifascist Heather Heyer was killed by James Alex Fields Jr. Identity Evropa's former leader, Nathan Damigo, is infamous for assaulting both a femme antifascist protester as well as an Arab cab driver in an armed robbery, where he pulled a loaded gun in the face of an innocent man for "looking Iraqi". They also have within their former membership an attempted Amtrak hijacker Taylor Wilson, and the fascist Nolan Brewer that tried setting a synagogue in Carmel, Indiana on fire. After the Unicorn Riot leaks dropped in March, Identity Evropa scrambled to re-brand as the American Identity Movement.

To start off, he posts two photos of his house on Discord:

I can say with 100% certainty if you live in unincorporated Jefferson County, Mo. you have a legal right to own as many poultry as you want so long as they do not cause property damage to your neighbors. If you live in a subdivision they may have rules against it, but they have no legal recourse to enforce those rules. If you live in an Incorporated city of Jefferson County such as Fenton (not Saint Louis County Fenton I do not know the law there) You may own as many as you like (unless you are in a specific zone)

[Section 210.060 Limitation of Number of Dogs and Permitted Fowl.](#)
[R. O. 2006 §240.070; Ord. No. 1031 §1, 10-19-1987; Ord. No. 3459 §§3 — 4, 8-28-2014]

Except for dog kennels as regulated by the Zoning Ordinance of the City, no owner shall own, keep or harbor more than three (3) dogs over the age of four (4) months. There is no limit on the number of permitted fowl for property being used for a single-family dwelling, as defined by Code Section [400.030](#), as long as such permitted fowl do not cause a nuisance, except on any property being used for a single-family dwelling in the R-3 and R-4 Districts, no more than a total of six (6) permitted fowl shall be permitted.

But to reiterate if you live in unincorporated Jefferson County, Mo. you have a legal right to own as many poultry as you want so long as they do not cause property damage to your neighbors. If anyone in County government tells you different they are dead wrong. Ask them to site regulation against it. They can't because there isn't one. Which means it falls into state regulation which is controlled by the Missouri Department of Agriculture. Those laws are simple to find.

So now we lives on a street address starting with 1736, somewhere near Fenton Missouri and that his name may be Ryan Thomas. What can we find?

The screenshot shows a Google search profile for Ryan Lane Thomas. On the left is a navigation menu with categories: Overview, Contact Info (3), Address History (6), Neighborhood Overview (9), Relatives (19), Associates (5), Neighbors (10), Criminal & Traffic, and Penalties. The main section is titled "Email Addresses" and contains the text: "Email addresses Ryan may currently or previously have particular email address for more information." Below this is a search result for the email address **rthomas529@gmail.com**, marked as a "Best Match" with a green checkmark. It also notes "First seen Jun 2017 and last seen May 2019".

That sure does look like the photo he uploaded of his house. He made it quite easy for us. To top off the creepiness of Ryan’s fascist fetish, [here is a video he posted on his YouTube account](#) showing that he has a loaded gun in his car’s glove department, followed by talking about how he could come into his kid’s gym and kill everybody if he was a “bad guy”. If you know the whereabouts of this school, please contact us!

If you have any details about Ryan’s place of employment, please send us an email at [antifascistchicago \[.\] riseup \[.\] net](mailto:antifascistchicago@riseup.net).
